

31 INT./EXT. RON'S CAR-DAY

Parked outside a bank with Ron in the driver's seat while Gypsy continues to hold court.

GYPSY

...who watches everything with the engine running. Follow every traffic law and sit here like the President himself sent you to wait in this spot. Watch everything, but with your eyes, never your head.

Gypsy spots THE WORKER leaving the bank and headed casually toward the car.

GYPSY

And when it's time to drive...

The Worker gets in, hands Gypsy a stuffed envelope.

GYPSY

...you drive.

Ron merges calmly into traffic, driving right past a police car and grinning ear to ear.
